# Sterling's 1942 Catalog

Cutchogue, L. I., N. Y.,

January 10, 1942.

TO MY FRIENDS AND CUSTOMERS:

This, my 1942 Catalog, is sent to you along with my very best wishes for a Happy and Prosperous New Year.

In this, our first year of war, our whole effort is being put into safeguarding our Country and winning the war.

We on Long Island are fortunate so far in being in a position to grow some of our own food and that means a whole lot to all of us as food is as important to win the war as ammunition.

There are many varieties of seeds that are short this year and prices are rising. We had most of our vegetable seeds contracted for and are keeping our prices down as low as possible.

If our stocks of different items are sold out and we have to buy new, then we may have to raise our prices. So it will pay you to order early while our stocks are complete.

I have tried to keep all my seeds and plants of as fine quality as other years and have had to pay a little more for them on that account, but I believe fully that seeds and plants are two things that should not be bought on account of price. Always look for the best quality and it will pay you in the long run.

Your success means everything to us and that is why we are always striving to secure the best seeds and raise the best plants and nursery stock possible.

Thanking you for your patronage and asking you for your continued confidence, I remain,

Sincerely yours,

RALPH W. STERLING.

Our "Gang" after a hard day's work

## DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided, and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and  $\frac{1}{4}$  lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$  lbs. will be sold at lb. rates;  $\frac{1}{2}$  bu. at bushel rates.

No charge is made for packing or packages.

NOTE—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

**NOTICE—I do not warrant in any way, express or implied, the description, quality, productiveness or any other matter pertaining to any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop.**

**However, all complaints are carefully looked into and I try to adjust them satisfactorily to all.**

# SEED DEPARTMENT

## "STERLING STRAIN"

Follow the mark of "Sterling." We are always looking for the best strains of seed and where we find a superior one we place the sign of "Sterling" on it, thus (S). All other seeds listed are direct from Burpee unless otherwise noted.

"Burpee's Seeds grow and are the best that grow." We carry Burpee's Garden and Flower Seeds and you can purchase them from us as reasonable as you can get them elsewhere, and sometimes much cheaper.

## ASPARAGUS SEED

1. MARY WASHINGTON (S). Re-selected, Pedigreed Seed. Blight proof, of highest quality and heaviest yield. Pkt., 10c; 1 oz., 25c; ¼ lb., 75c; lb., \$2.50. Postpaid.

Mary Washington 1-, 2- and 3-year-old roots, grown from Re-selected Seed. These plants made good growth last year and should give satisfaction.

See page 47 for prices on Asparagus Roots.

My Cabbage Seed is treated with the Semi-San treatment to control Black Leg and Black Stem.

Jamesport, N. Y., Sept. 15, 1940. The three types of hybrid sweet corn seed I purchased from you this summer were satisfactory in every respect. The corn grew readily and matured perfectly and was in great demand.

The Marcross variety was especially fine. The ears were filled to the very tip, of generous size, with a flavor of uncommon excellence. The demands far exceeded my supply for this variety. It will mean a much larger order for seed next year.

L. B.

## CAULIFLOWER SEED

Treated with Hot Water

2 to 3 Oz. will produce enough plants for 1 acre

- 248 **STERLING'S LARGE EARLY ERFURT.** Large, white heads, heading up quite freely. One of the best strains for this section. Extends through a long season from early to late, and sells for highest prices. This is our own strain of Sterling Erfurt. Germination good. Per Pkt., 25c; 1 oz., \$2.50, postpaid.

Will have a large bed of Cauliflower, Brussels Sprouts and Cabbage Plants. Will be pleased to book your orders at any time. Prices always reasonable and ready to adjust them if changes occur.

Spray your Cauliflower and Brussels Sprouts Plants with Black Leaf 40 or dust with Nicotine Dust. They control Thrip and Lice.

## PEAS

GRADUS, WORLD'S RECORD STRAIN, BLUE BANTAM, LITTLE MARVEL, WYOMING WONDER, CARTER'S DAISY and TELEPHONE are the gardener's favorites for table use and for canning. Sow these six kinds together and they will follow each other through the season.

World's Record, Thomas Laxton, Laxton Progress and Wyoming Wonder are the four kinds used for market. The prices quoted below for bushel lots are cash prices. Add 50 cents per bushel for time. Even though Peas should not pay as a market crop, the vines make fine green manure for Cauliflower, Brussels Sprouts and late Limas.

We will treat our Pea Seed with Cupricide if desired. Ask for it. Cupricide keeps the seed from rotting in cold ground.

The Squash has been found to be one of the vegetables that contain a quantity of valuable vitamins. Plant squash and serve it like potatoes.

Margaretville, N. Y., Oct. 17, 1940. I had 10 oz. of Sterling Blue Ribbon seed this last Spring and they turned out unusually well. I raised about 35,000 plants which supplied two of my neighbors as well as myself. One of my neighbors and myself have received two and three cents premium all season. We are getting fifteen cents per quart at present.

There are a great many fields around which have been picked very little or none, due to cheap seed.

## GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice.

Terms strickly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover, use 15 to 20 lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

## LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, recleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure, if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal, Vigoro or our New Agrico Special High Analysis fertilizer. Use three inches of top soil or humus if too light.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

We will do your grading and seeding for you at a very reasonable cost. We would appreciate a chance to figure on your job.

---

Bloomville, N. Y., Nov. 6, 1940. I grew 3 acres of Blue Ribbon Brussels Sprouts this year and harvested 500 32 qt. crates.

I cover each quart of my Sprouts with cellophane, and with my name on each quart also, I secure the highest prices.

Will want 16 oz. of seed for 1941.

You are invited to come and look our shrubs over, as we are trying out many new kinds every year. The above are large clumps, balled and burlapped. Do not confuse these with the small whips advertised for a song. We have extra large shrubs at higher prices, and sometimes smaller ones for less money.

Cutchogue, N. Y., July 22, 1940. I planted 1 bu. of your World's Record Peas and had the most wonderful crop I ever saw.

We picked 200 bags from the bu. of seed and made \$90.00 clear money after all expenses were paid.

## REAL ESTATE DEPARTMENT

I have many choice lots, plots, houses, bungalows and farms on my lists for sale and for rent. If you are interested in Eastern Long Island Real Estate, get in touch with me at your earliest convenience.

I am always willing to consult, advise or act as your agent if you are desirous of buying or renting out this way.

I am a Licensed Real Estate Broker and have been buying and selling Real Estate since 1926.

## NASSAU FARMS

Sixty acres laid out and developed by myself. There are thirty-eight houses and bungalows already built and occupied not only in the Summer time but some of them are year 'round homes, at Nassau Farms.

Three large water-front lots, 70 ft. or more frontage on Bay Avenue and Baldwin's Creek and over 250 ft. in depth. These lots overlook Peconic Bay and face the west, where the prevailing winds come from. The waterfront has been improved. Sandy shore and good depth of water in front of the lots. Priced at \$900.00 each. Three adjoining lots were sold in 1941 and two nice homes have been erected on them.

Six-acre plot with large pond and island with rustic bridge. There is a good windmill suitable for irrigation or connecting with running brook and a goldfish pool. Also a stone fireplace in a fine grove of oak and cedar trees surrounding the pond. About four acres of this plot are clear. Soil is good gardening soil suitable for beans, peas, cauliflower, sprouts and such like crops. Chinese elms, fruit trees, asparagus roots and blackberries have been set out on this plot in large numbers. The northwest corner of this plot was sold in 1941 and a nice bungalow erected.

Have priced this beautiful plot with frontage on two town roads and only a few hundred feet from Peconic Bay for a quick sale at \$6,000.00 Or will sell frontage on Bay Avenue or Sterling Road at a reasonable price per front foot.

A large map showing location, size and price of all the lots and plots at Nassau Farms can be had for the asking. Ask us for one.

Five-acre plot of good soil, suitable for any crop. This plot has 70 ft. of frontage on Bay Avenue and 20 ft. on Baldwin Creek and is very reasonable at price of \$3,500.00. Good terms can be arranged on all the above pieces of property.

Five large lots on Lilac Lane and 596 ft on Sterling Road. Some of this property is wooded and some is clear land. From 150 to over 200 ft. in depth. Your choice of any of these lots and plots at a very low price per front foot. Nothing less than 70 ft. front sold.

## HURRICANE HALL

This is the old Horton House, built over 200 years ago. I have had it moved to higher ground and rebuilt so that it is a very well built house and ready for occupancy.

Instead of giving a full description of this old salt-box type house, I am extending to any one interested an invitation to stop in and look the place over. Keys at my place or at Mrs. Leslie's.

The house stands on a large plot of ground, 140 ft. on Bay Avenue and over 240 ft. in depth. And it also includes 70 ft. of frontage on the improved waterway across Bay Avenue on Baldwin's Creek, leading out to and overlooking Peconic Bay.

There is also a five-acre plot adjoining that can be included with Hurricane Hall, making nearly six acres in all.

Have priced Hurricane Hall at a reasonable price, considering location, construction and permanent value, and very good terms can be arranged.

## STERLING INLET AND OTHER LOTS AT NASSAU POINT

Three large lots at Nassau Point,, Nos. 224, 225 and 226. These lots front on Wunnewetta Harbor on the west and there is good depth of water from these lots to Peconic Bay. Each lot has more than 100 ft. frontage on the water and over 300 ft. in depth.

Large oak trees cover the whole plot and there is a small pond in the center. The combination of high ground and low ground makes this plot one of the potential beauty spots of Nassau Point.

The three lots are to be sold in one large plot only, not separate, and I have priced them at \$5,000.00. One-third cash. Balance at 4% if desired.

Have the sale of five large wooded lots near Sunset Bluff on Broadwaters. A wonderful view and a good harbor makes this plot another outstanding buy. Also a large corner lot just back of Sunset Bluff near the Cove. These lots are priced at \$1,000 each.

Peconic Bay at Nassau Point. 100 ft. on the Bay and over 300 ft. deep. Priced at only \$3,500. The best buy on the Bay.

## CARRINGTON PARK AT NASSAU POINT

Ten large lots near Horseshoe Cove and Wunnewetta Harbor. Four of these lots, Nos. 421, 422, 423 and 424, are located on the east side of Little Peconic Bay Road and are wooded, with good elevation and I have priced these four at \$500.00 each or the four for \$1,900.00.

Six of the lots at Carrington Park are west and north of Vans-ton Road. They are well wooded, high and very near the Cove, as fine inside lots as can be found anywhere. Your choice of any one of these six lots for \$750.00. You can best appreciate these choice lots by looking them over. We have cleared them up recently and you can now see what fine lots they are.

Hotel Property at Nassau Point. Hill where old hotel used to be. Beautifully wooded, high elevation, about two acres land. \$10,000.00.

Plot on Nassau Point Road, including lots 129 and 130, with large barn on it. \$4,750.00.

Frontage on Long Island Sound. 200 ft. frontage west of Duck

Pond Road. High elevation, fine view. 400 ft. depth. \$25.00 per front foot.

I have several other attractive plots on Long Island Sound. Would be pleased to show them to you.

Ask me for prices and descriptions of all these attractive lots.

## COUNTRY CLUB PARK AT NEW SUFFOLK

A 20-acre wooded tract overlooking Peconic Bay and adjoining the North Fork Country Club Golf Course.

This tract fronts on New Suffolk Avenue, where there are many beautiful Summer homes. There are many choice lots along this Avenue to choose from and they all have free access to the Bay, as there is a 33-ft. roadway leading direct to the Bay, owned by the same people who own Country Club Park, and the right to use this roadway to the beach and Bay goes with the title to your lot.

## EIGHT GOOD FARMS

Thirty-five-acre farm located on the North Road at Mattituck. Good potato land, house in good repair, outbuildings fair. This farm has 350 ft. of frontage on Long Island Sound and 400 ft. on the North Road. Priced to sell.

Twenty-eight acres at Southold. One of the best potato farms there is on Long Island. House and buildings in the very best condition. All improvements. 375 bu. potatoes per acre is the average crop yield for this farm. Priced at \$25,000.00.

Twenty-seven-acre farm located on the North Road at Cutchogue with about 600 ft. on Long Island Sound and the same frontage on the North Road. Priced at less than \$300.00 per acre, this is an outstanding bargain.

One hundred eighteen acre farm at Peconic. 80 acres of this farm is as good land as can be found anywhere. The balance is good shore front. Priced at \$850.00 per acre.

Seventy-five-acre farm located 15 miles west of Cutchogue for only \$7,500.00, if still unsold. There are over 30 acres of good potato land and the balance is good for most other crops. There is no house on this farm but a few outbuildings. Good terms could be arranged.

Forty-five-acre farm with beautiful Sound frontage. An old salt-box house in good repair with barn and outbuildings. Most of this farm is good potato land and balance is good for beans, cauliflower, etc. Some woodland. Prices and terms on request.

Seventeen-acre farm on the main highway. Good buildings and over half of it good potato land. Priced at \$10,000.00.

Fifty-acre farm, 41 acres clear and good potato land. Balance wooded. No buildings. \$500 per acre. Terms.

## FIVE GOOD HOUSES ON OR NEAR WATERFRONT

House at Fleet's Neck, all furnished, with heater and other improvements. This house is on a large lot and also has a 10-ft. right of way to channel suitable for a fair sized boat. For sale or rent. Sale price, \$5,250.00. Will rent from early to late for \$400.00.

Nassau Farms. Five-room cottage with all improvements, located on Little Creek and overlooking Peconic Bay. A beautiful location in the woods, a nice new house, well built and completely furnished. Priced at a very reasonable figure with good terms.

Nassau Farms. Six-room bungalow. Four bedrooms, large living room and dining room combined, kitchen, screened porches, improve-

ments. The lot has 100 ft. frontage on Pine Tree Road and is about 150 feet deep. Priced at only \$3,000.00.

Large house at New Suffolk ready to occupy. Four large bedrooms, living room, kitchen, sun parlor, laundry, fireplace, all improvements. Oil heat, two-car garage. Practically all furnishings to go with house. Ask us for price and terms.

Nassau Farms. Five rooms and bath. Three bedrooms, large living room with fireplace, kitchen. All improvements except heater. Furnished. Large lot with 70 feet on improved waterway. Priced at only \$5,000.00.

The above houses and farms are quoted with the understanding that prices may be changed or the properties may be taken off the market without notice.

I have many other pieces of property, bungalows, farms and shorefront on my list. Let me know what you are looking for and I will try my best to help you.

### RARE BULBS FOR 1942

ISMENE CALATHINA GRANDIFLORA. Peruvian Daffodil.

A large, cream-colored lily, very fragrant. Plant bulbs after June 1 and they will bloom in 4 to 6 weeks. Each, 20c.

NEW SHILKA IRIS. Everblooming Orchid. Blooms for six to eight weeks after other Iris are gone. Large size roots. 40c each.

Save this catalogue. We may be so short of seeds and paper in 1943 that I will not be able to issue a full sized catalogue. So save this catalogue, not so much for prices as for the assortment of Seeds, Plants, Trees, Shrubs and Supplies that we carry.
